Attached are the public deed restrictions. I still have not gotten a check so I do not know if you want to proceed. If you are not moving forward let me know so we can get this cleaned up with the City. We need to get the attached filed and to the City Attorney ASAP. Let me know.

Bill - need some direction on this. If you want to go the public deed restriction route I need \$350 to get the restrictions filed. Also if you want something other than the same restrictions that were discussed in the private deed restrictions I'll need that also. Darren called and wanted me to send it to him and to some other guy?? Please call me.

I wound up having to come to the briefing/hearing after all. Comm. Lee was late and I got wind that the other Commissioners wanted to know why the case was being held again. I thought you said Darren was going to be here to be your eyes and ears? The deed restrictions that I drafted and sent to Darren and Cathy were private, now Comm Lee says he wants them public which is what he said he told Darren from the beginning. Bottomline if you agree with the deed restrictions being public I suggest we get a draft filed with the City tomorrow AM so we can shut this down promptly. Remember we have staff support on the case. To file this tomorrow, I'll need a check in the amount of \$350 payable to the City of Dallas and you'll have to work on getting Mike Harland to execute the doc asap. And next week I send out letters to ALL of the Commissioners stating that we volunteered the public restrictions and are looking forward to moving this along on the 16th. He'd be hard pressed to hold it again on the 16th.
